(ISC)² Oklahoma City Metro Chapter Membership Dues

The OKC Metro (ISC)2 Chartering Chapter was founded to connect, educate, and inspire information security professionals throughout the metropolitan area in an effort to build fellowship and better secure the local community at large. Participation from our membership is key to our success. We also believe our members should be stakeholders, and should share in the success that the chapter archives in the coming years. With that in mind, we have adopted the following schedule for membership dues.

Dues must be received no later than December 1st, to secure your membership for the following year (e.g. Dues are paid December 1st 2021 for the calendar year 2022). Members must have their accounts current to be considered members in good standing for the OKC Metro (ISC)2 Chartering Chapter.

While we believe it is important to have every member invested in the success of the organization, we also understand that to be successful we must be inclusive and support everyone in the communities we serve. To ensure we meet the needs of our members and community residents, we have created the **OKC Metro Chapter Scholarship Fund.** Scholarship awards are granted by the scholarship committee after evaluation of the recipient's needs. For more information on the scholarship program, including how to obtain a reduction or waiver for membership fees, please send an email to info@isc2chapter-okc.org . For those wishing to support the scholarship fund, please contact a member of the Scholarship Committee or simply designate your donation(s) to the **OKC Metro Chapter Scholarship Fund** when making a donation.
